MEMBER GUIDE

LABORERS LOGBOOK

How to log your hours, get them signed, and keep track of your coverage, the out-of-work list and your certs.

Your own record. Unofficial: the hall, the trust fund and the JAC keep the official ones.

GETTING STARTED

WHAT THE LOGBOOK IS FOR

IT IS

- Your own record of every day you work
- Hours your foreman has signed off
- A running estimate of your health coverage
- Reminders so nothing slips

IT ISN'T

- The hall's out-of-work list
- The trust fund's record of your hours
- The JAC's apprenticeship record
- Where you pay dues (that's MTPweb)

GETTING STARTED

SET IT UP ONCE

1. **Sign up** with your email and a password (Register tab on the login screen).
2. **Put it on your home screen.** iPhone: Share, then Add to Home Screen. Android: tap Install when it asks. It works offline on the job.
3. **Tap “My union info”** on the Status tab. Set your classification, your Local and the month your dues are paid through.
4. **Already have hours?** Enter your current hour bank from the trust fund portal. Apprentices: add the OJT and class hours you already have.

GETTING STARTED

FIND YOUR WAY AROUND

Tab	What it's for
Status	Your to-do list, coverage and the out-of-work list at a glance
Hours	Log each day and send it to your foreman to sign
Benefits	Month-by-month coverage, and checking your hours against the fund
Certs	Photos of your cards and their expiry dates
Signers	The foremen and supervisors who sign your hours

On a phone, the tabs sit along the bottom of the screen. The out-of-work list opens from its card on Status.

EVERY DAY

LOG A DAY

1. Open **Hours** and tap **Log hours**.
2. Check the date and the job site.
3. Pick **On the job** or **Class / training**.
4. Fill in the employer and tap **Union** or **Non-union**.
5. Enter your hours, plus any overtime, and save.

GOOD TO KNOW

It remembers your last employer and site, so most days you only type the hours.

No signal? It saves on your phone and syncs later.

Mark non-union work honestly. It resets your health hour bank.

EVERY DAY

GET YOUR FOREMAN TO SIGN

1. Add your foreman once on **Signers**: name, email, phone.
2. On a day in Hours, tap **Request verification**.
3. Pick your foreman and send the link by text or email from your phone.
4. Your foreman opens it, checks the day and confirms. No account needed.
5. The day now shows **Verified**.

A WEEK AT ONCE

Tap **Select to send**, pick several days, and send your foreman one link for all of them.

Only verified days go into your PDF export.

HEALTH COVERAGE

HOW YOU FIRST QUALIFY

Work **300 union hours within 3 months**. Coverage starts two months after the month you hit 300, because employers report your hours a month late.

Month 1	Month 2	Month 3	Month 4	Month 5
100 hrs worked	100 hrs worked	100 hrs: 300 reached	Waiting month	Covered

The Status tab shows how many of the 300 hours you have in your last 3 months, and how many are left.

HEALTH COVERAGE

STAYING COVERED: THE HOUR BANK

100

hours come out of your bank for each month you're covered

400

hours is the most it holds: about 4 months of coverage with no work

0

is where it goes if you work non-union in the area: then you qualify again

On **Benefits**, each row is a month you worked: your union hours, your bank after it, and the month those hours pay for.

ONCE A MONTH

CHECK YOUR HOURS AGAINST THE FUND

Look up a month on the trust fund's participant portal. On **Benefits**, enter the month, the employer and the hours it shows. Then read the label.

Label	What it means	What to do
Matches	The fund has what you logged	Nothing
Fund shows less	Hours may be missing	Call the Trust Fund Office or the hall with your signed hours
Not checked	You haven't entered the fund's number	Look it up on the portal
Not reported yet	One of the last two months	Wait: employers report a month late

BETWEEN JOBS

THE OUT-OF-WORK LIST

I signed the list today

After signing at the hall. Starts your 30-day clock.

Re-registered today

After re-registering. Resets the clock to 30 days.

Got dispatched

Record the contractor. You're off the list while you work.

Job ended / laid off

Then sign back on at the hall and tap "I signed the list today."

These buttons are on the Status tab. You get a reminder 7 days before re-registration is due. The hall's list is the official one.

YOUR CARDS

KEEP YOUR CERTS CURRENT

1. On **Certs**, tap **Add** and pick the card: OSHA 10/30, First Aid/CPR, HAZWOPER, flagging, forklift and more.
2. Enter the issue date. It suggests an expiry date, but copy the date printed on your card.
3. Attach a photo of the card so you always have it on your phone.

WHY IT MATTERS

Contractors can require certain certs before they'll take you on a dispatch.

Status warns you 60 days before a card expires, and again once it has.

APPRENTICES

TRACK YOUR PAY STEPS

Period	On-the-job hrs	Class hrs	Wage
1	0–600	0–49	$26.10
2	601–1,200	50+	$28.71
3	1,201–1,900	100+	$31.32
4	1,901–2,600	150+	$36.54
5	2,601–3,300	200+	$41.76
6	3,301–4,000	250+	$44.37
Journey	4,000	304	Full scale

Set your classification to **Apprentice** and enter the hours you already have.

Log class days as **Class / training**.

Status shows your period and what's left to the next one. You need **both** numbers to move up.

WRAP-UP

GOOD HABITS

EVERY DAY

Log your hours before you leave the site.

EVERY WEEK

Send the week to your foreman to sign.

EVERY MONTH

Check the fund, and update the month your dues are paid through.

ON THE LIST

Re-register before your 30 days run out.

Something doesn’t add up? Tap **Export**, download your signed hours as a PDF, and take it to the hall or the Trust Fund Office.
